-	APPROVAL OF STATE ENGINEER
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
rig g <u>ra</u> obt	wing limitations and conditions: This permit is issued subject to all existing hts on the source. It is understood that the amount of water hereinted is only a temporary allowance and that the final water right ained under this permit will be dependent upon the amount of water ually placed to beneficial use. It is also understood that this
rig	ht must allow for a reasonable lowering of the static water level
<u>a t</u>	permittee's well due to any other ground water development in the
arė	a. A substantial weir or other type of measuring device must be
	talled and measurements of water use kept. The well shall be
	ipped with a 2-inch opening and an air line for measuring depth to
<u>vàt</u>	er. If well is flowing, a valve must be installed and maintained
to.	prevent waste. The State retains the right to regulate the use of
he	water herein granted at any and all times.
******	· · · · · · · · · · · · · · · · · · ·
The	amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
not t	to exceed
	rly duty of 4.0 acre-feet per acre of land irrigated from any and/o
111	sources.  Ial construction work shall begin on or before
	of of commencement of work shall be filed before December 4, 1967
Woı	k must be prosecuted with reasonable diligence and be completed on or before
Proc	of of completion of work shall be filed before December 4, 1968
App	lication of water to beneficial use shall be made on or before November 4, 1970
Proc	of of the application of water to beneficial use shall be filed on or before
Maŗ	in support of proof of beneficial use shall be filed on or before
